## On the Waterfront

Report by: Tommy Legs

August proved to be a busy month with eight ships visiting the port. The first vessel was the ARKLOW SKY from Rouen in France with fertilizer, closely followed by the MIKE with wheat from Sables D'Orlonnes in France. In mid August the HELSE arrived with fertilizer from Ijmuiden and the UTTUM from Rostock in Germany with wheat. The molasses tanker ELLEN THERESA from the Tyne was next and the ELVITA brought bagged fertilizer from Gydinia in Poland. The SCOT TRADER then brought a cargo of paper pulp from Antwerp and a second molasses tanker MAMRY arrived from Arhus in Denmark.

## What is Neighbourhood Watch?

Neighbourhood Watch is one of the biggest and most successful crime prevention initiatives ever. Behind it lies the simple idea, and a central value shared by millions of people around the country: Getting together with your neighbours to take action can cut local crime. Everyone knows that the Police are there to fight crime, but they need your help to do an effective job. Neighbourhood Watch (or Home Watch as it is known in some areas) is all about an active partnership with the police. Neighbourhood Watch schemes can: Cut crime and the opportunities for crime Help and reassure those who live in fear of crime Encourage neighbourliness and closer communities A better place to live, work and play Neighbourhood Watch is not just about reducing burglary figures

- it's about creating communities who care. It brings local people together and can make a real contribution to improving their lives. The activity of Watch members can foster a new community spirit and a belief in the community's ability to tackle problems. At the same time, you feel secure, knowing your neighbours are keeping an eye on your property. There are other benefits to Neighbourhood Watch scheme too. You will become familiar with crime prevention ideas which will help keep your home and belongings safe. And the extra security which belonging to a Neighbourhood Watch scheme offers might even mean that you can get a premium discount from your insurance company. How schemes work Neighbourhood Watch schemes can be large, covering, for example most of the households on an estate or they might involve just

half a dozen houses. It depends on the area and what people living there want. A scheme is generally led by a volunteer co-ordinator whose job is to get people working together and make sure things get done. As well as the co-ordinator, there is usually a committee. Committees meet regularly to plan which problems to target and what action to take. Schemes keep in touch with local police to share information and advice. For more information please contact: John Thornthwaite, Neighbourhood Watch Development Officer, The Minto Centre, Nilsson Drive, Westfield, WORKINGTON, CA14 5BD Tel: 01900 64524 Or visit the Home Office Neighbourhood Watch Website: www.neighbourhoodwatch.uk.com
